Education

Lakshmi Narain College Of Technology and Science, Bhopal　　　　CGPA - 8.19
Bachelor of Technology　　　　*Oct. 2020 – Jun 2024*

AVVHSS - An English Medium School, Gunj Basoda
Senior Secondary Education　　　　*Feb. 2019 – Jul 2020*

SPSSS - An English Medium School, Gunj Basoda
Secondary Education　　　　*Feb. 2017 – May 2018*

Experience

Developer Intern　　　　Sep. 2022 – Dec 2022
Salesforce

- Throughout the internship interns learned and contributed to the development and customization of Salesforce applications.
- Introduced to Apex, Salesforce's proprietary programming language similar to Java.

Projects

RENT-A-RIDE | *JAVA*　　　　Feb 2024 – Present

- Developed a Java-based car rental application enabling users to rent vehicles on a per-kilometer basis, enhancing flexibility and affordability for customers.
- Implemented core features such as user authentication, dynamic pricing algorithms based on distance traveled, and a real-time booking system using Java.
- Utilized Object-Oriented Programming (OOP) principles and integrated database management to store user data, vehicle inventory, and rental history efficiently.

HOTELHUB | *C++, MYSQL*　　　　Jun 2023 – Oct 2023

- Developed a Hotel Management System using C++ and MySQL, streamlining the check-in and check-out process for guests.
- Implemented room availability tracking to manage bookings in real-time, reducing manual errors.
- Optimized database queries for managing hotel data, improving system performance and response times.

WINDPEDIA | *HTML, CSS, API*　　　　Sep 2022 – Dec 2022

- Developed a Weather Report Web Application using HTML and CSS to display real-time weather conditions for selected locations.
- Integrated weather APIs to fetch and display current temperature, humidity, wind speed, and other relevant weather data.

Technical Skills

Languages: C, C++, Java, HTML
Developer Tools: Github, Gitbash, Eclipse IDE
Databases: MySQL
Coursework: OOP's, DSA, DBMS

Certifications

Salesforce Virtual Internship
Professional Edge (NIIT FOUNDATION)
Micrososft AI Classroom Series

Achievements

Experienced in Remotasks(as a Freelancer) - completed various tasks to enhance machine learning models.
Achieved Badges in Networking Essentials, Introduction to CyberSecurity, CyberSecurity Essentials, Introduction to Packet Tracer by CISCO NETACAD.
Head of school band - Bass Drum.
